

**ADDENDUM TO THE EURIMAGE STANDARD TERMS AND CONDITIONS OF LICENSE
"EURIMAGE END USER TERMS AND CONDITIONS OF LICENSE FOR
QUICKBIRD & WORLDVIEW-1 PRODUCTS"**

In addition to the provisions contained in the *Eurimage Standard Terms and Conditions of License*, the present *Eurimage End Users Terms and Conditions of License for QuickBird and WorldView-1 Products* shall apply to QuickBird & World-View-1 Satellite Data/Products. Provisions herein contained will prevail on the relevant provisions of the *Eurimage Standard Terms and Conditions of License*.

1. Licenses Granted.

Eurimage grants to the End User (hereinafter "User" or "End User") a limited, non-transferable, non-exclusive License to use QuickBird & World-View-1 Products by the number of users identified on the applicable order confirmation, as specified below.. This License Agreement shall govern the rights and obligations of the Parties, it shall be accepted by each individual End User upon the signature of the Order Form for the Products and will be effective at the time of delivery.

2. License Type

The number of permitted Customer Groups ("Groups") hereunder depends on the type of license purchased:

"Base": Up to 5 Groups

"Group": From 6 to 10 Groups

"Enterprise": From 11 to 25 Groups

"Enterprise Premium": More than 25

"Educational": One

Customer Groups:

- One individual;
- One company, corporation, or similar legal entity (excluding affiliates or subsidiaries which will be treated as a separate Customer Group);
- One subsidiary or affiliate of an entity;
- One Ministry;
- One force/department of a military or an international defence or intelligence agency;
- One regional/provincial agency;
- One local government
- One non-governmental organization or non-profit organization;
- One department within a single educational organization within a single country;
- One international agency such as NATO, but excluding the United Nations and the European Union;
- One office or department within the United Nations or the European Union;

Every license is essentially global and can be shared between the number of permitted customer groups working on *one* joint project, according to the chosen license.

3. Permitted Uses.

3.1 Under this License the User may:

- (a) Make an unlimited number of copies of the Products for its internal use;
- (b) Reformat the Products for End User use into different formats or media from those in which it is delivered;
- (c) Modify the Products through manipulation techniques and/or the addition of other data, and make copies of the resulting bundled image product, for End User internal use only.

(d) Develop products derived from the Product ("Derived Product"). Derived Products, in raster format containing the source image data (pixels) or reasonable facsimile of the source image data, inherit the copyright and license restrictions of the source data. Other Derived Products (vector extraction, classification, etc.) have no restrictions on use and distribution. Reduced resolution data sets (RRDS) with ratios of 16:1 or higher shall have no restrictions on use and distribution, but shall contain the copyright markings.

(e) Make the Product available to its consultants and subcontractors for purposes consistent with the Permitted Use and subject to the restrictions herein and without the right to transfer,

3.2 After notifying Eurimage of the URL that will be used, post Products and/or Derived Works to Internet web sites, with a resolution no better than 10 mt, for non-Commercial purpose, in a non-downloadable, non-distributable fashion and in a manner that does not allow a third party to extract or access the Products and/or Derived Works as a standalone file. Proper copyright must be also conspicuously marked. The limitation of resolution does not apply to Public International, National and Local Organizations, which may post Products and/or Derived Works up to the full resolution.

4. Prohibited Uses.

All rights not expressly granted to the End User are retained by DigitalGlobe and/or Eurimage. These include, but are not limited to the following:

- (a) Copy or reproduce (even if merged with other materials), other than as consistent with the Permitted Uses.
- (b) Sell, license, transfer, disclose, the Products or use them in any manner not expressly authorized by this Agreement.
- (c) Alter or remove any copyright notice or proprietary legend contained in or on the Products. End User agrees that any embodiment of the Products permitted under this Agreement will contain the following notice: "Includes QuickBird and/or World-View-1 Products © DigitalGlobe™, distributed by Eurimage".
- (d) Any web posting is prohibited by any individual or commercial entity that operates or otherwise provides any internet search product or service that is free to end users or for which the fee(s) for the use of such product or service is less than one hundred and fifty dollars (\$150) per annum.

5. Export Control

The End User will not export or re-export the Product in violation of the U.S. Export Administration regulations or other applicable laws and regulations. The End User will defend, indemnify, and hold harmless DigitalGlobe from and against all fines, penalties, liabilities, damages, costs, and expenses incurred by DigitalGlobe as a result of any violation of such laws and regulations by the End User or any of End User employees.

6. Ownership

6.1 The Product, and all intellectual property rights therein, are exclusive property of DigitalGlobe and its suppliers. All rights in and to the Product not expressly granted by this license are reserved by DigitalGlobe and its suppliers. This Agreement does not grant any title to the Product or any copies to the Product.

6.2 The rights to use the Product granted under this License are expressly made subject to the rights granted to DigitalGlobe by the U.S. Government, and to the obligations and limitations placed on DigitalGlobe pursuant to the Land Remote Sensing Policy Act of 1992, as amended, and the U.S. Department of Commerce regulations promulgated there under, with respect to the use and distribution of Products sourced from remote sensing satellites.
